

Madeleine C. Weiser MD & Associates
233 E Lancaster Ave, Suite 300
Ardmore, PA 19003

January 3, 2023

Dear Patient,

I am excited to announce that effective January 3, 2023, Madeleine C. Weiser MD & Associates is part of Nemours Children's Health and is now Nemours Children's Health, Ardmore.

I made the decision to join Nemours Children's because they are a trusted, nationally respected non-profit children's health system recognized for their exceptional pediatric health care, research, and education. Our practice will become part of a strong primary care network dedicated exclusively to caring for children.

As a result, our practice will no longer be able to care for patients ages 21 and older after April 3, 2023. We have many patients that fall into this age range because we have had a long-standing patient-physician relationship that we treasure.

Over the next 90 days, our office will continue to see you for time sensitive needs and prescription refills, and we will provide additional resources as you transition to an adult healthcare provider.

Fortunately, we live in an area with many excellent adult healthcare providers. The easiest way to ensure that you find a new doctor who accepts your insurance is to check your insurance website. Before your first visit, call our office to request a copy of your medical records.

If you still have questions, we encourage you to visit [Nemours KidsHealth.org](http://NemoursKidsHealth.org) for information about choosing an adult healthcare provider. You can also call our office at any time for guidance.

It has been an honor and privilege to care for you and I appreciate your loyalty over the years. I wish you all the best for your continued health and happiness.

Sincerely,

Madeleine C. Weiser, MD
